OBJECTIVE

A motivated and eager-to-learn full stack developer with strong problem-solving skills and a passion for programming. Focused on creating innovative solutions, I am currently enhancing my skills in coding while pursuing my **BEng in Mechatronic Engineering** at North West University (NWU).

ACHIEVEMENTS

- **Academic Excellence** in IT and Mathematics
- **Mr. Fitness Award** for dedication to health and wellness
- Recognition for innovative IT projects demonstrating strong problem-solving skills

EDUCATION

BEng in Mechatronic Engineering

North-West University (NWU) | 2025 - Present

Eden College High School Grade 12 (2024)

Subjects & Results:

- Information Technology: 89%
- Mathematics: 79%
- Physical Sciences: 73%

SKILLS

Programming Languages:

- Delphi, SQL, HTML, CSS, JavaScript, C, C#

Software Development:

- Developing full-stack web applications with a focus on GUIs and back-end systems

Problem-Solving:

- Strong analytical and logical thinking for coding challenges
- Able to break down complex problems and devise solutions

Collaboration & Communication:

- Comfortable working in teams and helping peers understand complex programming concepts

Learning & Adaptability:

- Quick learner able to adapt to new programming languages, frameworks, and technologies

EXTRACURRICULAR ACTIVITIES
